Explanatory Attachment

LiveTV Satellite Communications, LLC (“LiveTV”) is a provider of Iridium Satellite internet access and Iridium telephone voice services to businesses that own and operate business aircraft. LiveTV provides this statement pursuant to 47 C.F.R. § 64.2009(e) to explain its policies, practices, and procedures designed to ensure compliance with Section 222 of the Communications Act, 47 U.S.C. § 222, and the Federal Communications Commission’s rules, 47 C.F.R. §§ 64.2001-64.2011, governing customer proprietary network information (“CPNI”).

It is LiveTV’s policy not to use, disclose to an affiliate or third party, or permit an affiliate or third party to access CPNI without customer approval except: (1) as required by law, such as in response to a lawfully issued subpoena; (2) for the limited purpose of initiating, rendering, billing, maintaining, and/or collecting for LiveTV’s services; or (3) to protect the rights or property of LiveTV, or to protect users of LiveTV’s services from fraudulent, abusive, or unlawful use of or subscription to, such services.

It is LiveTV’s policy not to use, disclose to an affiliate or third party, or permit an affiliate or third party to access CPNI for any marketing purpose. Should LiveTV change this policy, it will establish procedures to ensure compliance with the notice and approval requirements governing the use or disclosure of CPNI for marketing purposes and the recordkeeping and supervisory review requirements associated with outbound sales and marketing campaigns.

LiveTV customers are able to access their CPNI only through secure online account access. It is LiveTV’s policy not to provide online access to CPNI until the customer requesting such access provides a password that the customer has created without being prompted for the use of readily available biographical or account information. If the customer has lost or forgotten its password, the customer must provide the correct response to a back-up means of authentication that is not based on readily available biographical or account information. LiveTV notifies customers immediately whenever a password, customer response to a back-up means of authentication for lost or forgotten passwords, online account, or address of record is created or changed.

All LiveTV employees are required to sign a confidentiality agreement that obligates them to protect CPNI. LiveTV has trained its employees that have access to CPNI on the limited purposes for which they are authorized to use CPNI and those employees attend refresher training at least every other year. A violation of LiveTV’s policies, practices, and procedures with respect to CPNI will result in disciplinary action which may include immediate dismissal without warning.

It is LiveTV’s policy to notify law enforcement of a breach of its customers’ CPNI as soon as practicable, and in no event later than 7 business days, after reasonable determination of the breach. LiveTV will not notify customers or disclose the breach to the public until 7 full business days have passed after notification to law enforcement except when it believes there is an extraordinarily urgent need and after consultation with and in cooperation with the relevant investigating agency. LiveTV will delay notification to customers or the public if directed to do so in writing by the relevant investigating agency. LiveTV will maintain a record of any discovered breaches and notifications made for at least two years.
